WEEKLY MESSAGE OF THE VIRGIN MARY TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

Although Your Heavenly Mother is not present among you, I count on your unconditional collaboration and support.

This is now the end of times, it is the moment in which the preparation will come to light within your consciousnesses, and you will realize at which point of the preparation you are in order to be able to face the chaos of humanity.

Therefore, from the beginning of Our Messages, We asked you to again study and interiorize our words, because you will need them to know how to go through the end of these times with intelligence and not with fear.

When we speak of an end, it does not mean that everything will end, but rather that each one of you and your brothers and sisters will have the great opportunity to reflect on what you have been doing, which will make you see your personal reality and the world reality. You will truly know how you have caused the planet to be, in its spiritual, mental and physical aspects.

Therefore, My children, becoming aware of this reality demands inner preparation and training, an adequate use of the tools and spiritual exercises that throughout the last years we have taught you.

This will leave you at the height of the coming events, and you will be freeing yourselves from the condemnatory ignorance that blinds souls, day by day, and hypnotizes them in indifference.

Dear children, may your preparation now begin to emerge from your consciousnesses.

Now the moment has come to recognize the mission of each one of you. The moment has come to fulfill it and not to step back because there will not be another moment for long waits.

The cycle is now and it will never repeat itself.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
