**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Opening My merciful arms again, and with perpetual prayer between My lips, today I invite you to live My message, today I invite you to consider each one of My words, those that have been pronounced during these last months.

My children, if you do this in this way, you will be able to be instruments of God, you will be able to be the living message for each heart in the world. This will allow that each one of My words be sown in your hearts.

Dear children, know that as Intercessor for all souls, the divine message that I lovingly give to you every day is a message of Light that comes from Heaven.

My children, today I want that you not only awaken to the maternal call, but also that you remember that each one of My words reaches your lives to bring you Forgiveness, Re- conciliation, Mercy, Divine Love and Redemption in these last times.

Being the Mother of Jesus, the Great Priest of Love, I want to teach you to read the messages, I want to teach you to meditate on My messages, and I want to teach you to interiorize My words in your hearts.

Dear children, My Immaculate Heart has already spoken much to this humanity throughout these centuries. It has spoken to make you remember that God is your only and true aspiration for all eternity.

But still, My little children, a great part of humanity is blind and closes its own heart to the gift of life that My Son represents and, more so, it little accepts Mercy.

For this reason, dear children, your prayer must help to restore all these events so that your hearts, as mediators, may receive a Greater Grace of Forgiveness.

My children, when you feel My messages, your souls will be in eternal prayer. As the world changes rapidly and without pausing for reflection, My Immaculate Heart is offering Itself to each one of you so that, united in prayer, we may change the course of humanity, in the Grace of God.

Dear children, remember to feel My words with the love of your hearts, allow the light of the Holy Spirit to descend from the Infinite Heart of God upon all humanity.

Let us pray in this time of emergency! Let us pray for the presence of peace!

I thank you!

Thank you for responding to My Call.

Mary, Mother of the Divine Conception of the Trinity
