**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF TRINITY , STATE OF GOIÁS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Children of Mine,

In these times you will be able to see how My presence and My message of Peace traverse the world by means of the sacred pilgrimages, the ones that are possible because of the loving help of all of My children.

On this day, I wish to place you in consciousness before the magnificence of the task that your Mother has been carrying out in the whole world and especially in Medjugorje and in South America. For these moments, beloved children, these two places have been chosen by the Supreme Will to represent some of the last points of light that My Immaculate Heart is igniting in the interior of the souls.

The whole of the Americas need the gentle visit of the Mother of God by means of the pilgrimages. It is for this reason that I announce to you again My pending task in the Andes and in the United States. As these are important missions, My Son has allowed for My Maternal Light to concentrate in one of the most needy places of each one of these two regions.

For this great purpose, children, today I announce to you that My Merciful and Maternal Heart wishes to arrive, in the next months, to Bogotá, Colombia, where My luminous presence will carry out, as the Bird of the Sun, a special task of blessing. For this, I also come today to ask the groups of prayer of Colombia, Ecuador, Venezuela, Nicaragua, Cuba and Dominican Republic to form an only weekly group of prayer to pray and to work for this divine cause. In this way, your Heavenly Mother will help you to concretize Her upcoming presence in Colombia.

In the United States, your Most Holy Mother wishes to carry out, together with Her Beloved Son, a spiritual mission of conversion before the material and liberal life. In order for this conversion of the hearts to become possible and occur soon, I will ask the groups of prayer of the United States and of Europe to weekly unite in prayer in order to concretize the aspiration of the Queen of Heaven of lovingly going on pilgrimage to the city of Miami, Florida, and to the indigenous communities present in State of Oklahoma in the United States.

Children, the aspirations of Heaven are great, and you should know that your hearts have the potential and the love to carry them forward. For this reason, I do not announce to you any date, so that you may begin to work first in the interior consciousness. When the foundations for these missions of the Sacred Hearts become ready and firm, with ardent love We will go to announce the Call and pour the Graces that are necessary to all.

The mission in Africa had the result expected by the Plan of God and for the sake of all of these blessings, your Mother of the World announces to you today Her next Plan of worldly rescue.

I thank you all for answering to My requests!

Who unifies you in the heart of the Eternal Father,

Your Mother Mary, Rose of Peace
