**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,  
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Praised be Jesus in your hearts and in your lives!

My children, just as yesterday with My Maternal presence in Buenos Aires, today I invite you to consider these last words, this last call that My Heart of Light pronounces for each one of your lives.

With this I want to tell you, My dear children, that praying to God every day is very important because it is the prayer of your hearts that will help you in the time that will come. The life of prayer is for all souls; prayer is a permanent exercise in your existences. Therefore, your collaboration with the Plan of God must be conscious every day.

Dear children, I introduce you into My school of prayer so that your hearts may learn to love the life of the spirit, of the Spirit of God. A path to arrive at the Most High is My Son Jesus, and as souls you have complete permission to cry out for the Presence of Jesus. God the Father gave His Son for the salvation and total forgiveness of all.

Now the world finds itself in another cycle and God sends His Messengers to announce this new cycle of changes. My children, in prayer you will not lose anything. You must only form strong praying groups so that, from the Heavens, God may help all souls.

My Maternal Heart invites you to become aware of the time that humanity is living, a time of lack of control, of pain in the heart. I call you to be servers of peace because it is very necessary for life on Earth.

Let us pray, dear children! My Heart will guide you!

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
