DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????

Dear companions in Christ,

The end of a cycle is drawing close, and another begins, marked by the need for even deeper and more real definitions.

In this year that is now ending, you were able to perceive that in many parts of the world, darkness gripped human hearts. However, those who remain united to the Purpose of God will see growing within them the certainty of adhering to the Plan and the imperative need for continuing to go deeper in their surrender, in their true understanding of all that God is teaching them through His Messengers.

This new cycle will dictate the moment for the concretization of all that was once only held as an intention within the minds of servers. All that which, throughout the course of cycles lived, grew as a sincere and real spiritual aspiration within each server of the Plan, and gradually led them into consolidating their inner definition, as well as building the foundations of their inner fortitude, must now be converted into human behavior, in life expressions and in communion with the life that exists within all Kingdoms of Nature.

What was growing as an aspiration must take on such strength within the hearts of servers, to the point of them living their aspirations and no longer destroying everything they believe to be real, whether that be within their attitudes or in their ways of life that did not have enough inner strength to not live it.

With the impulses that will descend upon the human consciousness, as from December 8 of this year, everything that exists in the consciousness of each being as an aspiration, intention and will, and that has been in need of a stimulus in order to manifest, will grow at such a rate that beings will no longer be able to bear experiencing the things that go against what they believe.

At this moment, you must hold on tight to the inner light that dwells within your essences, to bear the sudden changes that will be forced to manifest through personal need.

The same will happen with the consciousnesses that today are gripped by strong aspects, dark and contrary to the Greater Will. They will give themselves without limits to mundane desires and aspirations, and they will lose all forms of conduct or ethics that held them in a certain balance within human society.

For this reason, We so often ask that you study, within yourselves, your deepest aspirations, for they will then be given an impulse to grow in such a way that the mind will have no recourse other than to yield to them. Also, for this reason, we warn you that purification is necessary so that the impulses that will come will fertilize the correct seeds within the consciousnesses.

I love you and I invite you to a deepening and to inner growth.

The Most Chaste Saint Joseph
