MESSAGE FOR THE EXTRAORDINARY APPARITION IN THE CITY OF BRASILIA, DF, BRAZIL,

TRANSMITTED BY MARY, ROSE OF PEACE, IN THE MARIAN CENTER OF FIGUEIRA,
TO MOTHER MARÍA SHIMANI DE MONTSERRAT

May the pains be far away from your heart, because I, your Most Holy Mother, am with you.
May the arts of My adversary be far away, because My mantle protects your walk and your task, as well as those of your brothers and sisters.

May the sins of ingratitude and denial be far away from you, because inside of My Heart you will only feel peace and the eternal flame of the Creator's Light.

My children,

On this day in which I am with you by the Divine Grace that the Father has granted Me, I come to bring Peace, Forgiveness, Grace and Mercy to My children of the world once again.

A new cycle begins to My soldiers, to the apostles of Christ and to all humanity. My Son has announced the definitive beginning of His Return. He returns, first of all, to the hearts of the children who are faithful to His Mercy, those in whom He prepares the path of transformation and of the emerging of the spiritual gifts that He sowed in each one of you, over two thousand years ago.

Such gifts will flourish in each soul, at each step taken in the sincere transformation of each being. Remember that He does not need you perfect, only good and pure of heart, faithful to His Presence and to His Guidance in this life, which will be the step that will place some of you in Paradise.

At each step that each one of you takes in the discipleship of Christ, this world and this humanity take a step towards their liberation and their salvation.

For this, My children, beloved children, children who are strong and firm in renounce and in sacrifice, always remember that your path, the one you are traversing together with My Son today, will be the seed for the New Humanity, that humanity which is so much awaited by all.

Do not fear anything, because We, the Divine Messengers, have left inside of you the keys for the indissoluble union with the Heart of God, the ones that open up the doors of Liberation, of Redemption and of the eternal Peace for all.

In your stars of origin, today is a day of celebration because a cycle of the dissolution of debts, of redemption of the experiences and of the definitive pathway of the Christic life has begun. In this cycle, you will learn that love which Christ taught to His Apostles, you will learn how to love and to be loved in the way He loved you.

Courage to those who shall see the next cycle as the best of their existences, the one that will

prepare them to meet the Redeemer face to face. In that glorious day, may you lovingly merge yourselves in His Gaze and be able to receive the Eternal Grace that the Supreme God keeps for each one of you.

Today I bless you, My daughter, in order for your path to be guarded by Me, your Celestial Mother.

I bless all the children who today, in humility and reverence, are in My Presence.

Who keeps you in Her Heart of Mother,

Mary, Rose of Peace
