ANNIVERSARY MESSAGE OF MARY, UNIVERSAL MOTHER, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO MOTHER MARÍA SHIMANI DE MONTSERRAT

My Beloved ones,

I am here again with all of My precious children to keep celebrating, inside and outside of the heart of My faithful children, the advent of Christ, the advent of the New Humanity.

Today My Heart of Mother is nestled inside of the heart of the faithful, of the devotees, of the unconditional, those who say YES to My Immaculate Heart and to the powerful call of the Son of God for these times.

In them I find consolation and relief for My Universal Consciousness, which, although it comes from the Creative Source, still feels pain for what it sees in this world and above all for the infinite ignorance and indifference that humanity suffers from in this planetary time.

I am asking the Eternal Father, with humility, as Mother of everybody, that in His Infinite Mercy He allow Me to be together with you for the longest possible time, because I see that many imperiously need My maternal instructions.

However that, I have total trust in that everything that has been delivered by Us, the Divine Messengers, has found inside of the consciousness of each one, a space to sprout, grow, give fruits and also flowers, seeds that can be sown in other souls.

In this new anniversary I want to thank My beloved Aurora, to its Kingdom of Healing and of Redemption for having been the home, here on the planet, that in this cycle has opened its doors and its heart to receive the Universal Mother, the Mother of God, the Co-Redeemer of the Savior.

As never before a Kingdom of Love donated itself without conditions to the Greater Will, placing the Plan of Love, almost unknown, in first place, with full humility, love and confidence.

To this, My House on the planet, I give today the teraphim of My Immaculate Heart, so that it may always be available for the souls.

This Immaculate Heart will radiate Healing and Redemption, Divine Forgiveness, Liberation and Rehabilitation to all the souls that come here seeking a new opportunity for their lives.

Here, this Heart, united to the powerful Light of the Archangel Michael, will liberate from the oppression to all the spirits that come, with sincerity and humility, seeking to be pure, free, seeking to be healed of the diseases of the soul, those which sicken the minds and the bodies.

Here, the Mother of God will leave open forever the healing of the soul and of the spirit, the possibility for the beings to be washed and purified by the Codes that Christ reached when He shed His Blood on the Cross.

Every consciousness that enters in this place with reverence and humility, recognizing that it walks in a sacred ground, a space in which the Redeemer placed His Feet again on this planet, after two thousand years, will receive from the Universe what it needs to go forward, to serve the Son of God in the preparation of His path of Return to the world.

Here will be forged the Warriors of Mercy.

Here the valiant souls will receive their instruments, those that they will play together in the great symphony of the planetary rescue in the end of times.

Here the Warriors of Peace will wait for the great signals from Heaven that will announce the great coming of the Son of God.

Here will be the place where the Warriors of Light will illuminate, with the Sun of their interior, the path for the souls that should come to find the lost way.

Here, in the Aurora of My Heart, will rise the spiritual columns that will sustain the fallen ones, those who will find God for the first time and, as a celestial miracle, will place their souls on the ground to offer them to the Redeemer when He returns.

This Aurora of My Heart, which with so much humility and rejoicing always waits for Me, will be the school of those who, through its essence and instruction, will govern the Promised Land, when, after the Great Transformation, the New Humanity arises in the dawn of a New Era.

To you, My Beloved Aurora, Hail!

Hail your pure and humble heart, My Love grows in your presence!

I love and bless you,

Your Mother Mary, Mother of the Divine Conception of the Trinity and Universal Mother
