**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

The Kingdom of God begins to manifest on Earth through the hearts of humankind. Within them, they hold the perfect bridge to the Heart of the Father, the path for the expression of His attributes, virtues, gifts, universal and divine Laws.

Through the children of God, spiritually created in His likeness, His Kingdom becomes a reality upon Earth.

Way beyond the sublime dimensions and invisible realities that co-inhabit this world with humanity, children, you are the Kingdom of God upon Earth. Through your actions, thoughts and feelings, you create and recreate life.

When your spirits are aligned with Divine Purpose and can express peace, everything around you transforms.

When your hearts are aligned with God and can express love, the Plans of the Creator are realized.

Be aware that it is not enough that the Time of God is united with the time of this world. It is not enough to see with physical eyes that which was always invisible to you, because what is essential for the Kingdom of God to be expressed is that each being discovers themselves as a living part of this Kingdom.

The new life already exists. It is new because it is unknown to you, but it exists since the beginning and it is alive within each one of you.

My children, be the living Kingdom of God in this world.

You have My blessing for this.

The Most Chaste Saint Joseph
