DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The Fraternity of the Light - Part II

In the wind of the next Spring, will be thrown the seeds of Heaven that, holding gifts, talents and graces within, will sow the New Earth.

These seeds will germinate, and from them will sprout the first principles that will some day lead them to approach the Sun in order to feel from it the Fire of Love of the Universal Father.

The moment has come, after the last storm, for the purifying rain to stop, which refreshed and cleansed the earth so that, afterwards, the great radiance of the Sun of God could come out again.

Thus, the fertile soil of consciousnesses was prepared to receive the new codes.

The Son of God, Jesus Christ, announced the moment of the great spiritual intervention of the Brothers of the Stars.

The Space Gardeners gathered so that, on the plane of the spirit, souls received, for this new cycle, the necessary impulses that will liberate them from indifference and stinginess.

With the awakening of consciousness to the universal life, doors of inner communication were opened in order to remove humanity from spiritual drowsiness and thus lead it to recognize the Truth from which it had distanced itself.

After so many crises, the planet is about to give birth to the New Human, to the consciousness that is responsible and consistent with the designs of the Spiritual Universe.

And although the Earth continues to be purified and exorcized from the influences that oppress it, the servers of the light prepare themselves, finally, to assume and carry out that which, for eras, had been foreseen to happen.

In this sense, the first flashes of the Fraternity of Light begin to appear and the appearances cease to be on the first plane so that the true brotherhood among beings may be established in consciousnesses.

All this comes together with the time of the revelations, time in which each soul, open to divine impulses, recognizes its origin, its existence and, above all, its duty towards Creation.

The Fraternity of Light is forged with the maturity and the responsibility of those who are consistent, thus many more are lead to live the same experience.

In the Fraternity of Light there are no differences, privileges, nor irresponsibilities towards the development of the Plan upon the surface of the Earth.

The Fraternity of Light is formed from the integration of souls with Divine Purpose and is based on principles, which are rules that allow the awakening of the Virtues of God in the servers who gather, virtues that will lead them to understand and to concretize Divine Will by means of the Plan.

Those who form the Fraternity of Light work day and night to build within themselves this spirit of fidelity and transparency with Christ. They commit themselves to live and represent the Hierarchy in every sense. They do not try to take advantages in their tasks, nor in their works. They understand that every service is a way of achieving, even more, the absolute surrender for the neighbor, and of gestating within themselves the essence of humility.

To be in the Fraternity of Light is to learn to follow and to accompany the Law of the Hierarchy, which immediately helps in the awakening of the obedience that will counteract the planetary disobedience.

Within the Fraternity of Light there exists equality that leads to solidarity, to good and to mutual respect.

The members and the postulants of the Fraternity of Light aspire to incarnate, within themselves, the principles that will allow them to form part of the Third Order of the Brotherhood.

As it is in the Universe, the Fraternity of Light lives each principle as an attribute and a guiding star, so that the life of the server may not be an illusion, but rather, be correctly aligned with the Purpose.

The new Light-Network, a postulant of the Fraternity of Light, assumes the 33 principles that will someday lead it to be fully in the Heart of the Hierarchy.

All the postulants of the Fraternity of Light assume to:

1. Follow one God (Father, Son and Holy Spirit) and eliminate from their lives the "spiritual" facets that deviate souls.
2. Have as the only and true Master, the Son of God, Jesus Christ.
3. Ardently aspire to be in inner communion with the stars, so as to consciously participate in Universal Life.
4. Not allow oneself to slander or destroy the Work of the Hierarchy.
5. Maintain neutrality as a constant goal for the end of times.
6. Build a spirit of solidarity and good among the brothers and sisters upon the path.

7. Demystify any idea of power, control or command, knowing that every spiritual impulse only comes from God.
8. Accept with gratitude the necessary corrections.
9. Stop justifying oneself for wanting to escape from the Truth.
10. Be a bearer of absolute and unrestricted fidelity.
11. Manifest equality and transparency in ones own life.
12. Not fear to tell the truth. Fear to be absorbed by lie and to not be able to come out of it.
13. Believe in the coming of the New and last Christs.
14. Fraternize with humanity without comming out of the rules that protect the task.
15. Be untiring in prayer, loving in service and peaceful before difficulties.
16. Dissolve from oneself any vestige of criticism or rejection.
17. Aspire to someday know the star of origin.
18. Live the present so as not to alllow oneself to be driven by the past and its decay.
19. Sustain the torch of Christ in an unchangeable way.
20. Not vacillate because of what others may say. Sustain faith through trust in God.
21. Become kindred with the Divine. To disconnect from that which is superfluous.
22. Learn to cut the chain of evil.
23. Assume the commitment and not give up because of the force of personal conveniences.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
