DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Take some time in your day to meditate upon who you truly are, to think about how before this life there was a Greater Life, from which the Purpose and the meaning of all existence came.

Meditate upon Creation and the deep Love of God for you, when He thought of each one of His creatures. And how great His Love was for the life that allowed essences in likeness of His Divine Essence to be born so that they could love as He loves, multiply life like He multiplies, and re-create Creation as He re-creates and renews it, with each celestial breath.

Think about it, child, that beyond all the material chaos there is a sublime reality, that Paradise is more than a heaven of eternal peace, it is the beginning and the end of life, from where creatures come and to where they must return with all the gifts achieved in their evolution beyond the dimensions.

Remember that this planet is a school and that difficulties exist to be overcome, thus leading you into going beyond yourself in love each day through a greater Love, that which in some moment of your evolution will reveal the Love of God to you.

Do not look at the world merely with human eyes, eyes that are imprisoned in a condition of ignorance, eyes of who sees life behind veils. The Love of Christ tore the veils that covered your face. So look for this Love. Look for the point in your consciousness, capable of understanding life more broadly, and focus your heart there, above the waves of the tribulations of these times, walking with your Lord through these waters, for they are nothing more than the Wind of God blowing chaos out of the world, to remove that which was rotten and make everything new.

Elevate your consciousness beyond the atrocities, the battles of chaos and evil on the stage of the Earth and be, for this world, a bridge to the Heart of God.

You have My blessing for this.

The Most Chaste Saint Joseph
