DAILY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN DORNES, SANTARÉM, PORTUGAL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Your Heavenly Mother is to be found ever closer to the Center of Lys-Fatima and its mirrors are preparing to move forward with a planetary radiation, in order that the majority of souls feel the resurgence of Lys and its Original Purity.

In that sense, the angels also work to make the planetary consciousness be more elevated, so that hearts awaken at some moment to their true inner reality.

Thus, the Center of Lys-Fatima generates the conditions which will make the planet, and especially this part of the world, a place chosen to receive the source of Original Purity, something that must allow consciousnesses to be true participants in their real essence and their deepest inner consciousness.

On this path, the bases of the Center of Lys are being prepared so that, at the time of the movement of the epicenter of Light, souls will be liberated and at the same time, helped to feel and to rediscover their essential purity.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
