DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN BAHÍA BLANCA, BUENOS AIRES, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Before the Light of the Sacred Centers of the planet, humanity receives the keys that open the doors to ancient knowledge, and the mysteries are unveiled for everyone.

The consciousness sets aside ignorance and the inner worlds of the creatures of God awaken under the principles of new codes.

All the secrets of yore are unveiled so that the terrestrial consciousness is able to take the step, and in this way, achieve freedom from its spiritual captivity.

The Sacred Centers of the planet, places in which Divine Wisdom circles and dwells, unconditionally offer themselves so that this surface humanity may abandon its precarious lifestyle and awaken to its true inner reality.

For this, all the tools of God manifest themselves from the invisible Creative Universe, in order that open hearts may perceive that the time has changed.

The most critical moment of purification is approaching in order that this humanity abandon the path that has always led to its downfall.

The Light of the Sacred Centers is ignited and souls feel themselves called to enter into a greater experience.

Thus, the consciousness, which before was imprisoned in its forms, finds the sense in being here, on this planet and in this humanity.

What before was hidden from the arrogant, is now revealed to the simple of heart, and in this way, the Plan of the Creator fulfills all its stages.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
