Daily Message of the Glorified Christ Jesus transmitted in the city of Mendoza, Argentina, to the visionary Friar Elías del Sagrado Corazón de Jesús

While the Hierarchy untiringly works because of the situation of the planet and humanity, the Divinity takes advantage of the prayer and faith of the followers of Christ in order to be able to intervene in a great many situations and help the human race.

This situation that humanity experiences today is present on several levels and planes. For this reason, the need that exists at this moment is not unique, but rather very broad and more and more serious.

If in truth, the vigils and meetings for prayer had not been carried out with dedication up until now, the planet would have gradually disappeared in proportion to the number of errors and occurrences committed.

The intervention of the Law of Divine Mercy has been the lifeline in all situations.

But although errors continue to be constantly reproduced and there is an increasing lack of consciousness, meditate on the planetary situation. The strength and power of the voices that always pray will be irrefutable, and the necessary help will be obtained to alleviate the planet and its sick race, until everything is completely purified and begun again from zero.

I thank you for holding My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
