**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

The new humanitarian mission in Colombia, in its spiritual counterpart and also through the Hierarchy, will try to establish peace in the inner worlds of that region of the planet, which for decades has experienced armed conflicts.

In this sense, the Divine Lady of Chiquinquirá will be the Patroness of that mission; She will be the aspect that will spiritually intercede for the entire humanitarian mission and for its first steps.

"Colombia Humanitaria" will be the first mission that, on the inner planes, will work with the various situations of life that have caused that nation, as well as the different peoples of that region, to experience a spiritual numbness.

The humanitarian mission will not only awaken in the Colombians the importance of helping their fellow beings, the one who suffers, the refugee, but also will give an impulse to My children from Colombia so that, on taking on that humanitarian service, they take up their mission and their purpose for these times.

Through the devotion of the Colombian people, the Lady of Chiquinquirá and Mother of Guatavita will be able to intercede for the souls that are escaping from the social and humanitarian crisis of Venezuela.

The fundamental purpose through the Humanitarian Colombia Mission will be that thousands of essences, which are in the nature of refugee consciousnesses, do not lose the codes of love, of trust in God, and especially of faith, even though certain nations, in these times, are being used as a laboratory for improper beneficial interests use of the natural resources and to generate major social crisis with certain non-evolutionary objectives.

The Humanitarian Colombia Mission will carry the impulse of building a consciousness of cooperation and of service, so that love heals the pain.

I thank you for responding to My Call!

Who blesses you,

Your Mother Mary, Rose of Peace
