DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN ALJUSTREL, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Do not fear to make mistakes, but try to free yourself from it every day, because this way you will find a spirit of courage and love in the trails.

Keep going forward and be at the service of humanity, because it will be prayer and service that will liberate you from the chains and imprisonment.

It will be faith that will conquer the kingdom of your heart to enable God to reign within you.

Let love be a part of you, not only in the inner self, but also in all that is external.

That way you will learn to elevate your whole life and all forms. You will make each stage of life, a sanctified life filled with the Spirit of God's love.

Let your heart and your entire being be opened to recognize, as many times as necessary, the purity that exists within you.

Encourage yourself to take small steps so that all may be renewed in the Lord, your God.

His Mercy will fulfill you and His Peace will be with you.

Simply trust in the sublime state of His Grace.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
