Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

Dear children,

The times we are facing will demand from all servers greater prudence and more discernment so that, in all things, unity rather than separation prevails.

These are times of knowing how to manage spiritual and practical works. These are times of knowing how to conduct the realization of the purpose of the Plan on the correct path rather than on the intermediate path.

Children, I need you to learn to correct these times so that you know how to deviate, from the path, a certain number of events that could act against the Plan of God.

For this not to happen, much prayer and ardent attention are necessary to be able to perceive with the heart when the suitable moment comes for certain movements to be carried forward or not.

You must learn to not make impulsive movements and you must learn to measure the results and the consequences of having carried them forward.

You must keep in mind the risks, dangers, and above all the spirit because if the spirit is without its basic essence, everything is hollow.

In conclusion, everything must be done out of love and not for power, so that Christ, My beloved Son may be present among you, in your service, and your actions.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
