**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

With My hands united in prayer and contemplating each one of My children, today I call you to reflection because, as Mother, I want you to understand how important the preparation of your heart is for the new time that will come.

Dear children,

My hands do not tire of perpetually praying for the needs of this humanity and for all the causes that need greater intercession.

May your prayer become the mediator between you and Christ, My Son and God Almighty; in this way and with a reverent attitude you will learn, My dear children, to supplicate to God for the whole world.

Great is the need for piety, forgiveness and Mercy in all humanity, while few are the ones who open the ears of the heart without searching for miracles and hear My call.

I ask all My children to pray! Pray with the heart! Pray with all the True Love that may be able to spring from your hearts!

Now, all that has to be done is to pray, pray and pray so that a little more Grace may be able to reach all My children. You, My little ones, must be like stars of Light that come to the aid of the Earth, that bring peace and Light to the darkest corners of the world.

In times of changes, many prefer not to hear. Now My Maternal Voice calls you to open your eyes to the announcements from Heaven.

Dear children, may your groups of prayer be sources of the expression of My Maternal Love for each one of you, and may this Divine Love that you receive through the guidance of My Immaculate Heart be able to extend itself to all the souls of the world.

All humanity must receive the Grace of salvation. Therefore, My children, let us pray without delay!

I will be thankful!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
