**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PORTO, PORTUGAL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

I offer Myself, as Mother and Guardian of hearts, to draw you closer to the Primordial Source so your consciousnesses may be renewed through the simple fact of being in God.

It is for this reason, My children, that My Heart offers Itself to everybody, so that souls may find refuge and a dwelling place in the Universe of God.

My Consciousness, amplified by love and expanded in faith, is at the service of the hearts that may want to unite with that Source of reparation and of healing.

At this time, in which the planet learns to remain in God and to be in the true Source of Love, My Spirit intercedes so hearts may recover their spiritual filiation with all Aspects of God.

Thus, through the intercession of your Heavenly Mother, humanity can find the path of return to the House of the Celestial Father; for in this way, with more souls in contact with the Source, there will be greater possibilities for the world to rapidly become rescuable.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
