DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTRE OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Constantly align your consciousness with the Divine Purpose through prayer, adoration, singing, silence, contact with nature and all that awakens true and spiritual love within your heart.

The time has come in which powerful currents descend upon Earth, each time with more intense impulses that will move not only the inner worlds, but each space of the human consciousness, from its cells to its spirit.

This is so because humanity must return to the beginning of its purity, it must enter the Time and the Grace of God so that this world becomes sacred again.

And, when these universal currents find resistance from the souls and in human lives, they generate shocks, imbalance, friction, in order to break through the walls of indifference in the consciousness.

But if a being prays and creates by himself, little by little, the path to reach God, these currents will act in their consciousness as a Grace, as a sublime wind that pushes the boat into deeper oceans, so that this boat moves and reaches its destination.

Therefore, child, do not fear, only align your consciousness with the Divine Purpose and do not resist that which leads you to inner growth and to the maturing of your consciousness. Thus, all will be fulfilled.

You have My blessing for this.

The Most Chaste Saint Joseph
