Daily Message of Mary, Rose of Peace, transmitted during the journey from Luz-Saint-Sauveur, the High Pyrenees, France, to Avila, Castilla y León, Spain, to the visionary Friar Elías del Sagrado Corazón

Through the visits to the different nations of the world, your Heavenly Mother, throughout Her pilgrimage, gradually erases the past and opens the doors to a new future.

When She crosses the borders between the nations, your Heavenly Mother gradually closes a cycle and opens a path for new inner opportunities for all Her children.

Little by little, through each pilgrimage that is completed, I establish the Plan of the Creator in humanity. In this way, on the inner planes, I bring souls closer to the essence of the Divine Purpose so that more hearts are encouraged to take a step towards a life of greater and unconditional service.

Through each pilgrimage, your Heavenly Mother, with much effort, is able to accomplish the steps of Divine Will, and thus not only the nations are spiritually benefitted, but also the souls that inhabit them.

During this last pilgrimage, your Heavenly Mother concretized all the stages that the Eternal Father had announced to Her, and, in this way, many situations were avoided.

All this has taken place because of the loving help of those who pray and collaborate in this Sacred Mission.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
