Daily Message of the Virgin Mary, Rose of Peace, transmitted in Ritoque, Quintero Commune, Valparaíso Region, Chile, to the visionary Friar Elías del Sagrado Corazón de Jesús

My dear children,

Today, My Light comes from the East, because on the planes of spirit, your Mother is already preparing for Her important mission in this region of the planet.

Yesterday, during the Apparition in Viña del Mar, I transmitted the importance of this mission in Oceania and in Asia.

In this way, the Mother of God is already working on the inner plane of the souls of Asia, so that when it is time for this special pilgrimage, hearts will inwardly recognize that the hour of redemption and contact with the Higher Laws of consciousness has come.

Thus, dear children, each moment prepared for that pilgrimage, including the songs, the prayers, the dissemination itself, the previous visit to the place I have already chosen for moving forward with this task, will allow for the creation of adequate conditions for the pilgrim mission in Oceania and in Asia to broadly develop, and above all, to be in perfect harmony.

Right now, I want to invite My soldiers and givers of peace so that as from now, you collaborate, and through the Association I have founded for the dissemination of the Messages, a space is created that will be called: "Pilgrimage for Peace in Oceania and Asia".

This space must be presented in several languages, such as for example, in Thai and Korean, so that souls will feel motivated to collaborate and the plans of Peace and Redemption of your Heavenly Mother can move forward.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
