Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Sixth day of the Novena:

"For receiving from the Source all the knowledge of the Universe, shaped through the Instruction and formation of the servants of God."

In these times, dear children, the instruction that comes from the Universe of God will help in awareness-raising and the immediate awakening of humanity.

When there is receptivity to the received Instruction, the Spiritual Hierarchy can move forward with the Work of redemption of humanity.

It is for this reason that Instruction in these times has a profound characteristic of definition, and places humanity at a different degree of consciousness and evolution.

Dear children, this is why the sacred knowledge, as well as the sacred word, are sources of transformation and renewal for souls.

To feel the divine Knowledge within yourselves means to awaken to new possibilities of redimensioning planetary life on another scale.

The formation of the servers of God comes from the spiritual knowledge that is given and that shapes the consciousness for its mission and its inner purpose.

The more you recognize the knowledge of the universe, the more the effects of the planetary purification can be reduced; we know that in these times, souls have placed their attention more on the world and less within themselves.

That knowledge is decisive because it promises to eradicate all that is superfluous and petty from the consciousness.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
