Daily Message of Glorified Christ Jesus, transmitted during the journey from the Marian Center of Aurora, Paysandú, Uruguay, to the city of Santa Fé, Argentina, to the visionary Friar Elías del Sagrado Corazón de Jesús

I will always be this spiritual Sun that will illuminate the night of the times.

The one who allows themselves to be bathed by the light of this Sun will achieve eternal life, will erase all the past from within, and in the future will truly be totally different.

I am this spiritual Sun that encompasses everything, knows everything and understands everything.

The one who lives through that Sun will no longer have footsteps from the past but rather will know how to follow the steps of the Master, surrendering to His invincible Love.

I am this spiritual Sun that dissipates any darkness; that gives warmth to cold hearts; that illuminates the paths of those who aspire to achieve freedom from themselves someday.

I am this Spiritual Sun that permeates everything; that brings new codes and that renews, no matter what, everything it touches. Because the rays of My Sun come from the Sacred Heart that gives Itself all the time, more than hundreds of suns in the Universe.

I am this spiritual Sun that dissolves the hells, that gives life to what was dead before.

I am the Sun that will always reign above all darkness. Because the one who allows themselves to be illuminated by this Sun receives the rays of My Grace and someday will awaken to Healing, to the upliftment of consciousness.

Behold the great Sun of My Heart that gives Itself in the Eucharist, in perpetual communion; that can burn like a fire of devotion within each being.

Behold the Sun that brings you peace.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
