WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Even though there is agony in the world, keep your faith in God and do not allow yourself to be discouraged in prayer and hope.

Even though it may seem there is no solution, keep your faith in God and do not allow yourself to be confused by the influences of this world.

Even though the inner chaos and confusion may seem great, in the depths of your being, keep your faith in God and do not desist, do not give up.

Child, much greater than the chaos within you is what the world is experiencing, the planet upon which your feet stand every day.

You were called to bring a new life, an opportunity of renewal for this Earth, which decided to distance itself from God and His Plan from the beginning.

You may ask: and why did the Father persevere in this project? Why did He not stop it at the beginning of all things, when sin became flesh in the human consciousness?

Because evil does not belong to the Truth; it is part of an ancient illusion, in which the human consciousness placed itself from the beginning. But Truth still dwells within beings and can emerge in those who are willing to allow a Living God to express in their hearts.

If you are listening to these words, it is because it corresponds to you to answer this call.

I know that sometimes, you do not manage to walk by your own weight, and that on your own, you wear iron shoes that cause you to sink deeper at the point where you are. But today, child, as on all the days when I will come to the Earth, I tell you to take off the heavy iron shoes of your past, your personal will, your aspirations for the future, and walk with The One Who, barefoot, travelled the Earth and now crosses the Universes, summoning new companions who can constantly renew the Love achieved by Him when He carried the sins of the world with His Cross.

I know that what I tell you seems repetitive and that the words are only renewed for those who see them as new, because they are at a new step of this evolutive climb.

Allow God to renew and show you how much you still have for serving and how this world and this Plan of Love need your surrender. You still have not reached the point of your giving of self, and this can be seen by the Love that you still have not allowed to be born within you. Allow yourself to love, and learn through being loved, to give love to this world of so many spiritual illnesses.

At the doorway of a new planetary cycle, be renewed and allow yourself to be new, like the Christ who will soon be reborn in Spirit in all the manglers arranged with faith in the homes of this Earth.

I will no longer tell you many things, for everything has already been said. Take the New Universal Gospel, that resonates in the Word that Christ emits for the world today, and live His Words. He is still waiting for you.

Your Father and Friend,

The Most Chaste Saint Joseph
