**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE CITY OF SANTA FE, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

When souls take the first steps towards light, right away they start the path of return to the Heavenly Father; in this way the redemption, which is a door to the liberation of the past and of errors, is gestated in the inside.

The first steps towards light demand much detachment and mean, above all, it is the moment to heal profound wounds.

To enter into the path of light makes souls able to start their lives over through the Sacraments and, especially, through the communion with Christ.

When this step towards Light is taken, the soul begins to detach themselves from the errors, because the Light of consciousness and understanding arises. The soul opens its eyes to the Universe and the mystery is unveiled by the simple fact of opening to the learning of love and unity.

In this way, the soul that walks towards Light, that before was lost, without a spiritual direction, closes uncertain doors to the lower worlds so that, through the Sacraments with Christ, it may rebuild its spiritual and material life and thus, reach its surrender to eternal life.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
