DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When you feel the weight of your past mistakes which, like harassment, the enemy uses as attempts to deter your steps, just place your eyes upon the Cross, upon the Eucharist, upon the Heart of Christ, and stay there.

On the Cross, child, your deepest sins have been forgiven. On the Cross, your biggest mistakes have been justified.

Not only the memory of forgiveness is on the cross, but also the living and eternal forgiveness, which is renewed, time and again, each time a sincere heart is able to repent for the merits of the Cross of Christ.

However, on the Cross there is not only forgiveness for your sins; your path is also found on the Cross. The guide for your next steps is written on it so that you will not sin again, so that you will know where to go.

On the Cross, you discover God's forgiveness, but also the way that your Creator grants it to you in order to make that forgiveness fruitful. It is through surrender, humility, sacrifice and, above all, unconditional love, so that you may imitate the steps of the Christ of Calvary, so that you may drink from the Chalice that His Father offered to restore the Covenant between God and humans.

It is there, child, at the foot of the Cross, where your path begins. But it is when your Lord descends from it and ascends to Heaven that you are called to multiply the gifts of your redemption, bearing witness to the Love that has healed you and that is constantly being poured out upon the world, from the Heart of Christ to all those who know how to seek and find the merits of the Cross.

Therefore, when the enemy places your mistakes and sins before you, may your eyes turn to the Cross, may your heart remember that you have already been forgiven and that it is now a matter of following the footsteps of your Lord, Christ Jesus.

You have My blessing for this.

The Most Chaste Saint Joseph
