DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

By the source of Grace that springs from My Sacred Heart, in the hour of Divine Mercy, My savior and redeeming Fountain is poured especially over those who, in truth in the cenacle of prayer, dedicate time to Me without delay and without rush. In this sacred universal hour, the universe is aligned and the stars send their rays of light to adjust again irreversible situations, and to bring them to situations of peace.

For this, every disciple must be conscious of this sacred hour in their time and in their space, so that they also receive the part of Mercy that corresponds to them.

It is important for the merciful formation of a consecrated one, as well as that of a devotee of My Unfathomable Heart, to be able to awaken in consciousness to this sublime moment. The request for prayer that I have dictated to Sister Faustina Kowalska still is current and it will be until My return, in which, by universal order of God My Heart will pour Divine Justice.

For this I ask you to remember this moment and this hour of Mercy, that your spirits may only seek to quench the thirst in the Fountain that will repair you and liberate you; in this way you will perceive that the artificial sources that the world has created bring one sooner or later to the loss of peace and of love.

I Am the doctor of the souls, I will always wait for you in My celestial room of prayer to heal and comfort your hearts in My light. It is the moment and it is the time for humanity to revere, love and respect the saving relics that the Sacred Hearts have delivered out of love to the entire world.

If this were so, you as flocks would avoid that the spiritual exercises do not become heavy routines of accomplishment and of obedience, something that is empty in the heart of who, in truth, does not do it out of love.

Be attentive to the sudden changes, I will accompany you always.

Under the Good of the Father, be blessed.

Thank you for living My message through the essence of the heart!

Christ Jesus
