**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????**

Blossom in the gardens of the Creation, as well as God makes a wide garden of small and great flowers blossom before your eyes.

Bring to the world the time of the eternal spring in which each being can express the best that there is within themselves and, in this way, offer to God what belongs to Him and that has been given to humanity, in order that you could give life and shape to the Divine Thought with perfection.

Let the Gardeners of the Universe, who are coming to you with divine clothing, cultivate in your inner world that which is perfect and that you do not know, because it is still a small seed that your eyes cannot see.

May the principles of God, in the interior of humanity, grow and bear flowers and fruit, in order to sow in other hearts the universal life, the perfection of God and the eternal obedience to His Laws.

Those who, in the simplicity of My words, find the grandest mysteries, will be joyful and will be called blessed in the Kingdom of God, because they will have fulfilled His Plan of Love.

I bless you today and forever.

The Most Chaste Saint Joseph
