DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

Dear companions,

On this day I want to tell you, about the words that I have been pronouncing in these last times, that if I instruct you in such matters, it is because I trust in the potential of all the hearts that listen to Me, regardless of the life that you lead and the degree of consecration you hold.

My Chaste Heart was sent to the world to accompany the Most Holy Mary in the awakening of the 144 thousand that must prepare the return of Christ and recognize Him among humankind. It is for this reason that Our presence is purely spiritual and touches the spirits of those who committed to God at the beginning of this whole human project.

My beloveds, the 144 thousand are the spirits that were sent to Earth to experience redemption and to help in the human project, and who committed to experience in themselves the codes left by Christ.

Do not think that Jesus came to the Earth to be the only existing Christ in the Creation of God. He came to be the Path that all of humanity was to walk through, the Truth that each being of this world should love and follow, the Christic Life that was manifested in Jesus, and that must manifest also in all those who are willing to make themselves an expression of the project of God and make the universal and christic principles left by the Son of Man alive in their own flesh.

My beloveds, the time has come to assume your true role in the Plan of God, and this is achieved when you are able to step out of the pettiness of material life, and in this way step out of yourselves, so that you may have as a priority in your lives what really matters, which is love and forgiveness, redemption and unity with God, and as a result, with all His Creation.

The 144 thousand must be the spearhead that opens the way to the New Humanity, the example to be followed for those who are blind, groping the air before them. The 144 thousand must be the hand stretched out to humankind and to the Kingdoms of Nature; they must be the representation of humanity itself, elevating the planet to the manifestation of the Truth.

Think about this and feel My words in your hearts, for they must impel you each day, so that at least you long not to be the same, and thus experience what I teach you.

Your beloved father and counselor,

The Most Chaste Saint Joseph
