**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

May peace reign today in all hearts and among all peoples.

May, through your prayers, love and respect for all nations and cultures be gestated in the human consciousness.

Joyfully express gratitude for the diversity of this planet, which makes it unique in the Universe for the ample possibility that beings have to learn how to love.

United with Our Lady of Guadalupe, may your hearts learn to give due importance to all peoples and may you love and cherish the pure expression of each one of them.

Each people, as well as each culture, has a higher purpose to manifest. Today, children, pray for this purpose so that nations may recover their purity and find the perfect principle of Divine Will for themselves.

Pray so that each nation may express their best in this world. Cease to judge cultures and religions but rather pray that they all find the Will of God and that this Will leads beings into expressing, experiencing and being the Love of God, constantly renewed in His creatures.

Today is a day to be thankful for the existence of peoples, cultures, and nations.

Today is a day to cry out to the Father so that, in His Heart of Love, He may unite all the paths that lead to Him.

Today is a day to place the heart within the Sacred Heart of Our Lady of Guadalupe and learn with Her to establish peace.

Your Father and Friend,

The Most Chaste Saint Joseph
