DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Children,

At this time, everything is allowed.

It is allowed that humanity express the imbalance that is inside of them, through excessive actions empty of love, empty of God. And at the same time, it is allowed that the spirit of unity pulsates within the pure of heart and manifests in the expression of love between races, cultures and religions.

It is allowed that families dissolve and live the laws of chaos and disharmony, generating conflicts and lack of love amongst beings who have united to learn together how to love. But, in the same way, it is allowed for families to heal themselves and express the archetype of a new life, evolving and growing as a family group, walking towards God.

It is allowed that chaos dissolve the inner peace of beings and to cause them lack of hope. In the same way, it is permitted for an unknown love to emerge from the heart of those who say yes and who believe in the miracle of the renewal of the Love of God through their essences.

Everything is allowed, but everything happens according to the choices of each being.

It is allowed that there be chaos and evil in the world, but it is also allowed that a love capable of healing all things may emerge.

Therefore, in these times of definitions, when the heavenly laws touch the Earth to battle with the false laws of the world and to institute a new life, decide and define yourselves according to the purity of your essences, following that which is within you and that which makes you similar to God.

You have my blessing for this.

Your Father and Friend,

The most Chaste Saint Joseph
