**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF NAZARE, SANTAREM, PORTUGAL, TO THE VISIONARY FREI ELÍAS DEL SAGRADO CORAZÓN**

With the Scepter of God in My Hand, I still spiritually govern this world in order for the one thousand years of peace and of healing to be established, after the intense purification of the Earth.

With the Scepter of God in My Hand, I obey, in supreme humility, the designs of My beloved Son, and thus comply with the Sacred Promises made before our Eternal Creator.

With the Scepter of God in My Hand, I impel a change in human consciousness, so that this race may take part in a new cycle and in a new state of greater consideration for the planet, for its Minor Kingdoms and for all that exists on it.

With the Scepter of God in My Hand, I attract to the world the Principle of Renewal, in order for the New Christs to awaken and, finally, abandon the resistance of old. Thus, everything can be transformed.

With the Scepter of God in My Hand, I decree the Designs of the Divinity and, in this way, My Consciousness acts between the greater and smaller Universes, so that everything remains in sacred harmony.

With the Scepter of God in My Hand, I keep My children from the capital forces of perdition, ignorance and indifference, allowing the Kingdom of Love and of Truth to reign.

With the Scepter of God in My Hand, I gather the 144.000 and call them by their names, at the request of My Son, in order for them to prepare their inner dwellings for the great moment of the Return of the Lord.

With the Scepter of God in My Hand, I summon, in this hour, all the angels, devas and elementals of the planet so that they may unite as a single positive and spiritual force and thus help the whole world in its agony and purify humanity soon.

With the Scepter of God in My Hand, your Heavenly Mother mobilizes the Light of the Mirrors of the Universes, in order for them to capture the sublime codes, and radiate to the great oceans of the planet the positive currents of purification and of peace, so that the world's conversion may be established.

With the Scepter of God in My Hand, I make the Light of God descend and thus dissolve, little by little, the dark spaces of the planet where millions of souls are lost and submerge in illusion.

With the Scepter of God in My Hand, I remove from the hells of the Earth the fallen souls that have received the sacred atonement of being forgiven and raised to the Heavens.

With the Scepter of God in My Hand, I attract the power of the twelve Rays and I unite these

cosmic impulses with the spirits. Thus, I establish the Gifts, missions and tasks in the souls that awaken to the infinite power of Universal Life.

With the Scepter of God in My Hand, I open the doors of the Heavens for the solar angels to descend and to internally announce to humanity that a change in consciousness is urgent, necessary and immediate.

With the Scepter of God in My Hand, I elevate the prayerful ones towards divine states of peace so that they may help Me concretize the co-redeeming Work alongside My beloved Son, the Christ.

With the Scepter of God in My Hand, I help consciousnesses liberate themselves from the eternal chain of their cosmic errors so that the Principle of Redemption may be born in these spirits.

With the Scepter of God in My Hand, I unite the consciousness of all nations and prepare the continents and races to receive the arrival of the great Solar Son.

With the Scepter of God in My Hand, I sanctify the imperfect, consecrate the unredeemed and vivify the spirit that was dead.

With the Scepter of God in My Hand, I bring My children closer to the celestial Truth.

With the Scepter of God in My Hand, I gather the Archangels to reevaluate the Plan of the Creator and do whatever it takes for His Divine Plan of Love to be fulfilled, for as long as there are two or more souls who respond to this Plan, the Plan will continue, no matter what.

I thank you for responding to My call!

Who blesses you and encourages you, always, in Divine Faith,

Your Mother Mary, Rose of Peace
