DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series - Manifestation of Aurora - Part I

Companions and brothers and sisters of Mine:

It is not by preference nor any other reason, but it is necessary that you do not forget that Aurora still has not finished materializing on its surface and, in order for this to become possible, you must be aware and collaborate with this sacred space which, with humility, receives you to shelter your spirits in the essence of healing and of love.

This was one of My main reasons for coming to Aurora and to carry out the next Marathon of Divine Mercy in this beloved Marian Center, if it had happened.

My reason and spiritual motive was to tell all of you who have come to Aurora about the importance that this manifestation has to Me, since Uruguay as a country has already lost its spiritual character, and this principle has so far been sustained by My faithful companions who live in this village and who, day after day, with effort and hope, pray for the triumph of love in this homeland.

After the first few years, in which Aurora made itself visible to all on the physical plane, it stopped its manifestation; from there, pending needs remained for the permanence of Aurora.

The first need is the finalizing of its Marian Center which, as it does not have its physical bases finished and its needs supplied, will not be able to mirror nor receive certain treasures of the Hierarchy that will help the liberation of souls.

Within the communal area of Redención 1, the construction is still pending, with the help of all, of a large kitchen and a dining hall to welcome all who need to eat; this is also a part of the manifestation of Aurora.

It is still necessary, in Redención 2, to improve and build a set of lodgings that can be available for the moments of large meetings; as well as improving the bathrooms, given the requirements for visitors.

The areas of Redención 2 and Redención 1 need to develop a sustainable system for the maintenance of the plantations and the alternative collection of water for irrigation.

In Redención 3, it is necessary to improve the spaces for co-existence with the Animal Kingdom since this is one of Auroras tasks for the future; also needed is fraternal and supportive maintenance and labor for repairing and rebuilding the houses which already exist.

The presence of people for longer periods of time in Aurora is necessary in order for everything previously described to take place. There must be servers who understand, beyond the material aspect, what the spiritual and physical presence of Aurora means in a country that has already condemned itself to a violent purification.

I wish to avoid the chastisement that Uruguay deserves, before the Universe, by means of the offer of Aurora on the surface because, if these needs are not met, souls will not awaken nor be healed of the past and, even further, Uruguay will not be able to have a new opportunity.

I leave everything that the Kingdom of Aurora needs for 2019, not only for the Uruguayans, but also for the whole world.

I thank you for keeping My Words in your heart and for considering Aurora as a door to your redemption!

Who blesses you,

Your Master, Christ Jesus
