**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED AT THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????**

The presence of the Divine Messengers at the Marian Centers fills the spirit of each of them and maintains the fountain of peace and mercy alive and fluid for the world.

However, in these times, you must begin to be bearers of this Divine Presence within yourselves.

In the same way that We open the doors that lead you to the Kingdom of the Heavens and withdraw those souls that are crying out for liberation from the abyss of the planet, you also must open those doors with the purity of your hearts.

The day is coming in which the Divine Messengers will no longer be as close to the world as now, but that does not mean that the Marian Centers will lose their life or fervor.

Understand, dear ones, that over the last years Our celestial presence has been building a stronghold within you, for we taught everyone to be mediators between Heaven and Earth through prayers and actions in union with God.

I ask that you never lose your joy of serving God and that you always enter this house with the same joy in which you come to receive the Servants of God that come to instruct you.

You must be the soul of the Marian Centers, the life that encourages and gives meaning to the existence of these points of prayer.

The souls that are lost must find themselves when they arrive at these points of light for the world, and being there with you, they must find the Presence of God and an example to follow. And this will be so, because God has already deposited His Graces within your hearts and He strengthens them every time you pray with sincerity.

If each day you abandon yourselves as well as your own aspirations a little more, in order to serve God and be an instrument of His in the world, the Sacred Plan of the Most High will be able to be fulfilled.

Always be united, keep in your hearts these moments in which We were among humankind and, in this way, your inner stronghold will never crumble.

I love you and, for this reason, I call on you to be small messengers of God, those who open the doors of Heaven and liberate the world from the darkness that dwells in it.

Be humble and simple of heart and you will be on the correct path. Do not aspire to anything else except fulfilling the Plan of God and so it will be.

Be sincere in your surrender and true on your path. Repent of heart when you make a mistake and do not make the same mistakes again.

Follow Our words, because they were pronounced for this reason. Study the messages that we have given you and give more importance to the things of God than your own tasks and occupations; thus, you will send to the universe a sign that you are trying to love the Plan of God, and the Lord will help you.

Peace to the planet and in your lives.

The Most Chaste Saint Joseph
