**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

All the revelations of the Universe and all the knowledge of God are filled with extremely high vibrational impulses, those which penetrate the essence of the body, its cells and atoms.

These revelations, charged with very powerful impulses, remove ancient information from the earthly consciousness, and this purification process may generate positive effects and also physical sensations.

This is so, because the vibrations from the Source and all Its impulses are neutral. They are strengthened by emanating from the Supreme Source and they begin to travel at an extremely high velocity within space-time.

Therefore, whoever receives these impulses lives a transfiguration acceleration that has repercussions within the entire consciousness.

In this sense, to receive luminous impulses from the Source is to place the consciousness in another echelon of evolution in a very fast way, as it would take years to take a spiritual step.

All this movement of the Supreme Source will try to accelerate the spiritual and physical advancement of humanity so that it at least happens within as many as possible.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
