SPECIAL DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS IN THE MARIAN CENTER OF AURORA, DURING THE FIRST DAY OF MARATHON OF THE DIVINE MERCY

Friar Elías receives the written daily Message.

Mother María Shimani de Montserrat:

Well, let us share with all what Christ Jesus communicated to us.

Friar Elías del Sagrado Corazón de Jesús:

Christ expressed His gratitude, especially to the Americas, for the task of prayer that is being carried out today. And, as a gift, as a Grace, He brought us and offered to us His Sacred Heart.

At a certain moment, in the first part of the Apparition, He took His Heart from His Chest. He remained alive and had His Heart on the palm of His right Hand. It pulsated strongly and with various colors, pulsating to a very defined rhythm.

Then, He said to us: "Dear companions, this is all that I have to give to you. This is why I offer this to you, as a consequence of your response."

He also made a remark: "Tomorrow I want the Marathon to intensify, I would like if there is a little more effort and if you sing to Me with a little more joy."

Then we asked Him: "Is it alright every 150 beads?" "Yes, it is alright, to continue."

He expressed to us that a task had taken place, especially in the Americas, through the effect of the prayer of the Chaplet. And He sent this Message to all.

Then Friar Elías reads the daily Message received.

Dear companions,

Today My Arms of Love and Peace are open to welcome you eternally in the Kingdom of God.

I thank you, from now on, for the spiritual effort to comply with My Grand request for redemption

and peace. The Divine Mercy, inexhaustible Fountain of Life and Pity, has descended victoriously over the heart of the nations of America, and this is because you have done today things greater than those that I have done.

The true salvation in this time will be concentrated in the life of permanent prayer. For this, today, not only are you serving Me out of love, but for yourselves also you are confirming that it is possible, everyday, give Me a little more. Because as it is in Heaven, also it is on Earth.

My dear brothers and sisters:

My Heart today is ennobled by the collaboration that you have given Me. For this I give you on this day My Precious Most Holy Heart, to pour in this way over you My Universal Love, and so that this merciful love renews you. When the souls pray directly to My Divine Heart, the Heavens answer immediately with Graces of love and forgiveness.

The one who eats humbly of My Holy Body will have the forgiveness of their sins, those committed against the Glorious Heart of God. But the one who receives communion with Me in devotion, will have Eternal Life after this life, and much as you, after having received communion of My Body, fail Me once again, I ask you to remember all this moment that you have shared with Me an unforgettable treasure for your conversion.

Today the universe was very attentive to your prayers, and tomorrow it will be too, because tomorrow you will come to pray with Me renewed in spirit and in soul. Never tire of aspiring to be with Me.

In this time I give you My Grace and My Spiritual Strength so that you may cross the bridge towards the liberation of yourselves.

I thank you for your fraternal answer; may all be kept in your memories forever.

Under the Mercy of God, be blessed.

Thank you for entering today in My Sacred Heart.

May Peace be with all.

Christ Jesus of Nazareth

Friar Elías del Sagrado Corazón de Jesús:

At the end, He said that tomorrow, at 3 pm, during the work of the Marathon, He will also come here to be with us, and He promised to be closer to each one.

This is why He invited us to redouble our effort. Thus, we understood that this did not mean to pray more, but the way each one was praying, which was what He was observing: our attitude.

Mother María Shimani de Montserrat:

Now, we will thank the brothers and sisters who are accompanying us via the internet, which demonstrates that we may be spiritually united, even when we are not physically together.

And to close, we will sing the Hymn to the Divine Mercy.
