**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,  
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

As Queen and Universal Mother of Peace I want you to enter into the Kingdom of God so that your hearts may find a firm refuge of love in My Immaculate Heart. I carry you all, as humanity, in My arms of Mercy, helping in this way each one of My children.

Dear children, stay in peace because My Kingdom of Peace is in each one of you.

My children, the world must urgently go and drink from the Fountain of Graces that My Heart is pouring for those who are thirsty for My Son. He, who is blessed and loving, will lead you to the true devotion to God the Father, who is offended by humanity.

For this reason, dear children, the prayer of the heart will guide you in each step that you must take in this end of times.

My children, My call wants to echo in the depth of your little hearts, even more in all of My children who for many years have distanced themselves from the Love of the Living God. Together with the Sacred Heart of My Son, your lives will be able to repose in absolute trust, and the path you are traveling will be permeated by the Light of His Divine Heart.

I want to announce to you that the key of prayer will allow you to be before the Holy Spirit. Therefore, this blessed Spirit of God will come in aid of all the hearts that in this last hour consecrate themselves and live in the Peace of My Immaculate Heart.

Dear children, the true fraternity that each one of you is able to express day by day will help dissolve the evil in which many hearts live for lack of the Merciful Love of God.

Therefore, constancy in the life of prayer will help so that all these hearts may receive the Immaculate Gift of Grace and Redemption. My dear children, in truth, Redemption is a celestial mission for all humanity.

Thank you for responding to My call.

Divine Love for each one of My children in the world.

Mary, Mother of the Divine Conception of the Trinity
