DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

To awaken is to begin to remember that, before life on Earth, a higher life existed.

To awaken is to remember that, before the bodies of flesh, your souls lived in bodies of light.

To awaken is to begin understanding the immensity of the Divine Creation and to not limit the power that God has of giving life to human beings to life on Earth

To awaken is to begin to understand life, what you feel, what you think, the roots of your actions, of your ways of life, the roots of your customs, of your culture and your human essence.

To awaken is to begin walking a broader path in which, at the same time that you advance, you return to God. Evolution happens when the being begins to return, taking with them the learnings that contribute to the renewal of the Divine Consciousness, and to the evolution of life in all dimensions.

To awaken is to live in communion and humility. The more you recognize yourselves as small and ignorant, the more you will be within the greatness of the Wisdom of God.

To awaken is to recognize yourself as a true part of this God and to know that, in this Whole that is the Father, lies a vast and infinite life.

Awaken, children, from the sleep in which you live, because the time has come to return, as humanity, to the Heart of God.

Your Father and Friend,

The Most Chaste Saint Joseph
