

Prayer to the Sacred Mirror of God

On [September 12, 2023](#), the Virgin Mary said:

"Today I present to you, through My Heart, the Mirror of God, expressed through Sacred Mother Nature, in which all My children can see themselves reflected in their origin, and thus they can dissolve suffering, pain and anguish from their consciences. Because it is when they simply contemplate nature through the heart, that every human being on this surface has the possibility of finding again their roots and spiritual values. (...)

Thus, once again the Mirror of the Heart of God may reflect today upon this great lake, as essence of Peace, Love and Justice, for souls to spiritually collect the treasures that the Hierarchy offers to it, and thus internally be part of the reconstruction of the world, which will begin now, My children, as a preparation for the Sacred Return of Christ."

Sacred Mirror of God,
reflection of Divine Love,
reconcile the souls of this world,
bring peace to the dimensions and planes,
so that humanity may achieve healing and redemption.

Amen.
