APPEARANCE OF CHRIST JESUS DURING THE 56TH MARATHON OF THE DIVINE MERCY, IN THE CITY OF QUITO, ECUADOR, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

In my Celestial Government there is no duality, but rather hope; it is that hope that I bring to the world, so that the lives on Earth may unify and find the meaning of their purpose.

In My Celestial Government there is a plan and a Greater design, which I send the angels of the Universe to announce to all the inner selves that may awaken and thus hear My call.

Today I have come with My Celestial Government, because it is the one that will come to Earth when I return, to institute again the Principles of God that were lost, to have this civilization evolve that is lost and has forgotten the love of God through different circumstances.

But today My Celestial Government avails itself of those that correspond to Me every day. My Celestial Government manifests in those who live in My heart and who call me, making My name even more sacred, in this world and in the Universe. May the Name of the Lord be praised because everything shall be transformed, every cell and every life will be touched by the Ray of My Celestial Government, that Government which the Father gave Me to lead among the worlds and the Universes, among the Stars and the Suns.

The Government that comes to lead the essences on the path of the good and of peace. In this Celestial Government reside the saints and the blessed, the consistent and the servers of My redeeming Plan. Even though you are on Earth, you can be in My Celestial Government; in this way, I lead you step by step and show you the path to redemption.

The essence of My Celestial Government is love, the love that promotes everything, the love that generates everything, the love that elevates the consciousness and brings it peace on being by Me. In My government there is no inequality or injustice, as is experienced in this world, and even though all those setbacks are being experienced in this humanity, My Celestial government does not cease to act, because My Government is in the inner worlds, in the sublime worlds, in the essences; there everything begins, from there everything is done, and the Name of the Lord is recognized by the souls of the world, when they offer themselves to God in surrender and renunciation.

To enter my Celestial Government one must overcome duality, ambiguity, what is opposite or indifferent. It is that human condition that compromises the human being of the surface and that condemns him day after day, without their being aware. But happy are those who pray from the heart, and those who believe in My word, which comes from the Heavens. Because they will always be there in My Celestial Government when they learn to fulfill My Will.

In My Celestial Government there exists the joy of serving, the wholeness of spirit, the joy of the soul, the expansion of the consciousness, and the realization of service and of a greater surrender to God at each new stage.

How much I wish that many were in My Celestial Government, to be able to prepare them for the times that will come. And although in a thousand ways I repeat what will happen in the future, I must say it as many times as possible, because the distraction in the human being is the keynote of these times. You must place your attention on My merciful Heart, you must place your attention on service for others, and in this way, you will achieve freedom from this captivity of the Earth and of these times.

I come to give the world everything that I have, in spite of its indifference or its rejection. I avail myself of the souls that unite with Me so that I may accomplish My projects, which are the projects of God, which are the projects for these times, different than those of times past. They are precious projects in the realization of Divine Will, and in the concretization of the Divine purpose in humanity.

Only once did I show the world My Celestial Government, when I preached throughout the Holy Land, when I healed the sick, when I made the paralytics walk, and still it was not enough, but My Church tried to carry on My Celestial Government, in spite of its falls and its errors. Yet still My Celestial government comes to the world to bless you, to bring you peace, essential for these times.

You must be at peace in order to be able to enter My Celestial Government; that is the key that open all doors, that is the path that will lead you towards My Celestial Government, and in synthesis, toward My heart.

I hope the world does not lose the grace of knowing this mystery, which comes from the Divine Universe, to propel souls into great changes, to the transformation of their life, to the redemption of the consciousness.

With My Celestial Government I will separate the straw from the wheat, the good from the bad, the pure from the impure, the clear from the murky; that moment will come. So tell the world, even if they do not listen, to repent, and do penance before our Lord, the Creator, so that the extraordinary grace of faith and of mercy may descend into the hearts that have not yet changed. But when I return with My Celestial Government, My voice will be heard in the whole world; there will be no religion or peoples that will not hear, because My voice will be as clear as thunder, My word will be as strong as the wind, My presence, which is the presence of the living God, will be brighter than the sun, and you will see coming over the horizon the Son of God, especially those who have been in restorative communion during the end times; they shall have that grace, and their inner senses shall open, and the wisdom will emerge that will give them the understanding and the comprehension of all that will happen.

My Celestial Government is a Universe more broad than this one, more infinite than the cosmos, greater than all Creation, because God has wanted it thus for His Son, after His ascension. And He said at that time, in My ascension:

"Come here, My Son, Who has died for humankind and for the world, Who has spilled Your blood and Your water for the forgiveness of sins and the great outrages of humanity."

Today I offer You, dear firstborn Son, all of My Kingdom, so that You may govern in My name as the great Sovereign, as the living God present in Your heart full of mercy and of piety. I offer You My Kingdom, beloved Son, so that you make it known to the Universe and to the world, so that all may know, dear Son, that the Father has made himself small before His creatures, in body and blood, in soul and in Divinity. I offer You My Kingdom so that you may make it live in Your disciples and servers, in Your companions and friends.

Have the world know, beloved Son and Redeemer, the Universe of My living love, the unquenchable source, which is eternal and infinite. Today My Celestial Government is Yours, because You, My Son, Who has resurrected for the love of humankind, you are in Me and never more nothing shall separate Us, because You, beloved Son, will be between My children and Me, so that the bridge may always exist that unites them with Me, so that they may know the way of return to My heart of Father and Creator.

Let the Celestial Kingdom, beloved Son, be fulfilled in the smallest and simplest, in the humble and the pure of heart, so that it may reverberate throughout time and the eras, until My original project can finally be accomplished."

Those were the words of Our Father to His beloved Son after His ascension. Now that you are facing this unveiled mystery, seek the Kingdom of God, because you will need it for these times, and you will not find it in any other place except within you, because He is alive, but in the majority, is hidden by indifference.

The Kingdom of God is something so beautiful that the soul that enters into it blossoms with love and with mercy, with Divine fire and ascension. Do not lose the Kingdom of God; build the Kingdom of God in yourselves, be good persons and be good examples of peace. In this way, the Kingdom of God will be within you, and will be accomplished in your spirits before death.

I come to bring to the world what nobody knows, the Government of the Kingdom of God, so that it may be fulfilled in as many as possible, so that it may be alive in those who hear My call.

It will be the Almighty Who today will bless all these elements for the blessing of His children.

Place here, Your light, Lord, so that it may expand in the world. Bless this water, Father, for those who today will wash their feet, so that their paths may open and their spirits be purified, and they be witnesses of My return.

Most Holy Creator, today I again offer My body and My blood, for the atonement of souls and the forgiveness of sins.

(The Lord's prayer is recited)

I will rise up to heaven listening to My story, so that My story of love may reverberate in your hearts, through a song that pronounces all and says all.

I am that man called Jesus, who came to the world to redeem humanity.

I bless you in this meeting, under the authority of the Celestial Government of God, of all his angels, archangels, and saints.

In the name of the Father, the Son, and the Holy spirit. Amen. (3x)

I thank you.
