SPECIAL APPARITION OF THE GLORIFIED CHRIST JESUS AT THE HILL OF THE APPARITIONS, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Blessed are those who believe in Me because even though they have not seen Me, they have believed. This has an incalculable value for the end time, for the great day of the Final Judgment.

I come with all My angels and saints to give honor and praise, glory and exaltation to the One who created all things.

I come as His disciple, but also as His servant.

While the doors of the Universe open to testify on Earth to the triumph of the powerful Light of Emmanuel, the darkness is mobilizing and is defeated.

I Am the great appeaser against the forces of evil, but I Am also the victor in the face of the darkness. Because who calls upon God through My Heart with sincerity and loyalty will not perish.

There could be earthquakes, the seas may rise, strong winds may blow and destroy everything they touch, but who believes in Me and in their heart is faithful to My Word, will not perish. Because I will give them the authority to overcome the enemy through the strength and power of Love, through Unity, which is unbreakable in essences that live in God.

In this Sacred Week that begins, which will not be the same as the previous one, in which your hearts and lives will experience a great definition before the Most High, a before and an after will occur. And a new history will be written in the Sacred Book of the Heavens.

May the triumph of the faithful be established. May the tepid feel a warmth in their hearts to live within My Universal Fire and be a part of My armies of the end of times.

While I speak, the doors of the Universe still open, as it was at the resplendent Aurora, so that the Divinity of the Father may descend to Earth through the celestial choirs and the servant angels of God, who today stop the darkness because the One who created us in His image and likeness is descending, the One who always gave origin to the powerful Source of Love and of Truth.

Today I come crowned by the flowers of My disciples and at My Feet I receive the offerings of those who have testified to My Love in the world. That is why this event is not as usual.

I come to gather those whom I have summoned in other times, those who would come in this era to witness the return of Christ in the nations of the world and in all the peoples and corners of the Earth.

From here must come the new Christs redeemed by My Love, sanctified by My Consciousness, uplifted by My Spirit. Because they must be the humble among the humblest, the simple among the simplest, the real among the liars.

My Law must be part of your lives in this new cycle. That is why, for this Sacred Week I have chosen an incalculable number of celestial treasures, I would say inexplicable Graces, to be poured out in your spirits that are preparing to face the last cycle of this acute and very difficult Armageddon.

But I want you to be free from yourselves so I may completely empty you and fill you with the Love-Wisdom of God, which is currently necessary in the world, above all in those who suffer the most, in those who endure the error and horror of the wars.

I need you to disseminate My Divine Mercy so that the Peace of God may be established. Each Cross blessed, at some point on Earth, companions, means the return of the Kingdom of God to humanity, as it was in the past with the people led by Moses to the heights of Mount Sinai, where the laws of evolution and awakening were received, what you call "Sacred Commandments."

Through My Universal and Christic Love, I come to renew all times, to unite all laws and all principles, by the powerful intercession of our Father, Emmanuel, who today makes Himself present from His Celestial Kingdom, contemplating the Earth and this part of humanity gathered in My name, which with its simple 'yes', comes to reconfirm the triumph of My Sacred Heart in all essences, as in all nations, through the mediation of all who pray, devotees, the consecrated, and adorers, as well as through the simplest, through those silent hearts, which are imperceptible and do not shown themselves to the world.

Let us then begin, companions, the great ceremony of consecration calling out the names of God, the sacred keys that bring to Earth the knowledge and the renewal of spirits, and above all, the establishment of the Law of Love.

Let us light the Cross.

Let us sing as one voice, companions, and as one heart, so that the kingdom of God may descend to Earth.

Elements to bless...

While the heart burns in the Love of God, may a commitment be ignited in your souls, and the coming together with the Creator be re-experienced, with everything that exists within His Celestial Universe and that gives purpose to life and the regeneration of the consciousness.

May this simple offering of the Sacred Cross of Emmanuel be raised up to the Thrones of the Father, so that more spirits in the world may find redemption and peace, an awakening of their Christic consciousness and the upliftment of their spirits in absolute surrender at the Feet of the Almighty.

While the guardian angels bow down before the Creator, may your hearts now be uplifted as an offering to the Kingdom of God so that from His Divine Fount of Grace, of Healing, and of Reparation, the powerful and invincible Rays of Emmanuel may descend to the Earth and the planet and the Universe may unite in perfect communion, as an act of reconciliation and healing for souls.

I have come in the company of the Archangel Metatron, who will bless this Cross in the name of our Father-Mother Creator. Coming directly from the Primordial Source, it will pour out the spiritual water of life, so that this Cross may be blessed and be the symbol of a universal rescue of

essences, fallen and lost in the abysses of the Earth, so that for an instant, only for a second, this humanity feels within itself the call of the Creator.

We will invoke His name, we will call for His Presence, for the Presence of God, in the sacred name of Emmanuel.

Praised be, God of the Universe, for all that You created to vivify the Love of the Creator in your creatures.

Bless this moment, Lord, this place, and all those who are assembled around Your invincible Light, Your Splendor and Your blue Fire, so that essences may rediscover the path of life, the life that will lead them to unite, in these times, with Your Heart, where they will find refuge, consolation, and healing.

May souls rise up in offering. May hearts rejoice and be happy, because the Almighty, Emmanuel, comes to the meeting, through His Beloved Son, of all the creatures of the Earth, of all those who affirm their faith within themselves.

We will bless this moment with the elements and this Sacred Cross that as from today will infuse the world with the spiritual Light of Emmanuel, and the heart that bows down here in repentance and surrender will be lifted up by the arms of the Father to His Kingdom of Love.

The Lord blesses this water so that it scatters like a spiritual light of redemption and of healing through this Cross, to the four corners of the Earth.

Christ asks to pray the Our Father in Portuguese, Spanish, Aramaic and Latin.

At this table, offered by the pilgrims of the faith and the devotees of the Love of God throughout this week sacred and blessed by the Most High, the communion of reconciliation and inner healing will be offered, so that hearts may be ready for all that they will experience in the coming times, availing themselves of this Sacrament, with all the Power that it holds, with the Grace that it envisages, with all that it brings for the spiritual life of each heart.

May this Sacrament thus be raised to the foot of the Altar of God and under the blessing of the Archangel Saint Metatron, and through the intercession of His armies of Light, of the Resplendent ones, may the codes of the Passion of Jesus, of His Death and Resurrection be instituted in this bread and this wine, so that hearts may receive the assistance they need to face these times through faith, trust, and a conviction in God.

Thus, after two thousand years ago, your Redeemer Master celebrates on this hill, as was done at the top of Mount Calvary, the glory of His Passion, of His Death, and of His Resurrection, once again defeating the one who causes pain, anguish, and despair in the hearts of the Earth, the Body of Christ and the Precious Blood of the Universal King triumphing.

Lord, be present in everything that exists. Vibrate with Your Principle of Love in every heart. Transform everything You touch. And through this Sacrament, re-ignite the faith and the commitment in Your creatures so that Your Will may be fulfilled.

At this Supper, in an inner reclusion, may souls find hope and the happiness of eternally serving You, without any fear, without any guilt, renewed by Your Fire of Love and by Your Light of Hope.

Amen.

And now that this Cross will serve as a shield and protection for you and Brazil receives the protection of Emmanuel as a spiritual gift, may this Cross be venerated as the triumph of the Kingdom of God in this part of the planet.

May those who are most in need of the Light of God be able to come here, so that they too may be renewed as you today are renewed in this inner communion with My Spirit.

Feel now this Light of Emmanuel within you and how the Mirror of His Love, of His Light, and of His Unity is reflected in you, renewing all that exists and all that was created by His Divine Thought.

At the doorway of this Sacred Week and in this moment of union with God, before My Sacred Heart, inwardly state the petition, what you so aspire to be realized in your lives after these sacred meetings with My Glorified Heart. I hear you inwardly.

May the advent of the new race be fulfilled.
May humanity be able to express its archetype.
May the Word be alive and build Your Temple.
May Your Mystery expand within us
and may true existence be revealed to the world.
So that we can gather together in Your Name
and glorify perfect Unity.
Amen. (x2)

While the stars of the Cosmos record this event, may your hearts, lives, and consciousnesses make a memory of this moment, so that this experience of love may return to its origins some day.

Be consciousnesses renewed by the gifts of God. And may this moment simply be a Grace, not only for your lives, but also for the world.

Let us give thanks to God for this moment. Because today, if this happens here, it is because it is His Will. One Will infinite and unknown to the world that comes to bring Truth to the Earth.

May your hearts be uplifted in this exercise of reconciliation so that many more souls may receive what they need and the consoling Spirit of God may enter into all essences so that His Peace may reign.

I bless you and leave you with the Light of Emmanuel so that it may always be present on your paths, affirming His Divine Will and the concretization of His Project.

May this symbol of redemption and of light be reflected in your lives and on the entire planet.

In the name of the Father, the Son, and the Holy Spirit. Amen. (x3)

I thank you for being here with Me today and for being with Me in the next coming days, in perfect union and communion with life.

I thank you.
